

Applicant: Antti Poikolainen et al.
Application No.: 10/525,275
Art Unit: 1731

Remarks

Claims 19–20, 25, and 31–37 were allowed in the Notice of Allowance and Fee(s)
Due mailed Nov. 8, 2007.

To render the claims more definite:

Claim 19 has been amended to refer to the *fibrous stock* throughout. Claim 25 has been amended to initially refer to “a fibrous stock”. Claim 35 has been amended to consistently refer to “a fibrous stock”, and to consistently indicate that fibrous stock is not part of the claimed apparatus. Claim 36 has been amended to remove a reference to “the layer” of fibrous stock which is without antecedent basis, and to clarify a reference to the “first forming wire, the second forming wire and the fibrous stock therebetween”.

Applicant believes that no new matter has been added by this amendment.

As these amendments do not substantively expand the scope of the claims it is submitted that entry of the amendment under 35 CFR §1.312(a) is appropriate. Favorable action thereon is respectfully solicited.

Respectfully submitted,
